US Patent App. No. 09/823,393 - METALLOCENE COMPOUNDS AND THE USE THEREOF IN CATALYSTS  
FOR THE POLYMERIZATION OF OLEFINS  
Inventor: Bishop et al. Our Docket: C15488/122048

Dear Examiner Choi:

As we discussed by telephone today, this is to advise that we never received the Office Action mailed January 25, 2005 in respect of the above-identified application. As advised, we filed an address change on June 4, 2003, and received the return receipt postcard from the PTO acknowledging that filing, but apparently the address change was never entered into the record and the January 25, 2005 Office Action was mailed to our old address.

In view of this fact, and in accordance with PTO policy, please reissue the Office Action with a reset the date of mailing/deadline for response. The correct address information is:

Stephen J. Brown, Esq.  
Bryan Cave LLP  
1290 Avenue of the Americas  
New York, NY 10104

If you have any further questions or comments or need to obtain any additional information in order to reissue the Office Action with the reset mailing date, please contact me at your first opportunity.

Thank you again for your courtesy during our conversation.

Best regards,

Adrienne Levin
